The Courses

Sundance Golf Course – Sundance was recently awarded the 2023 Michigan Golf Course of the Year by the Michigan Golf Course Association (MGCA). Nestled on glacier-carved bluffs between Torch Lake and Grand Traverse Bay, Sundance exemplifies the extraordinary natural beauty of northwest Michigan with views of both Torch Lake to the east and Lake Michigan to the west. With wide, playable fairways, superbly sculpted greens, vast windswept bunkers, heather-clad mounding and spectacular vistas, Sundance will delight the scratch golfer or a newly fledged beginner. Sundance has quickly become one of the premier golf courses in northern Michigan.

Torch Golf Course - Torch is situated majestically on the ridges offering spectacular views of Torch Lake and the surrounding countryside. A challenging shot-makers course that favors accuracy over length. Water comes into play on the 11 of the holes, as do mature stands of woods throughout the golf course. Torch is known as one of the most scenic golf courses in all of northern Michigan.

Charlevoix Country Club - The Charlevoix Country Club Golf Course is a four-star Jerry Matthews design that offers golfers an opportunity to play a public course with beautifully manicured bent grass fairways, large undulating putting surfaces and a landscape conducive to an upscale golfing environment. Plan on a 30 minute drive north of the resort.
